It is the way all druggists sell Groves' Cherry Tonic for Chills and Malaria. It is simply rosin and Quinine in a pleasant form. Children love it. Adults prefer it to bitter nauseating tonics. Price 50c per bottle.

There is one thing you must not forget! Loftin has one of the prettiest lines of military goods ever opened for inspection in ChipleY.  
W. A. Duncan beats the record for sows from two sows, which will not be years old until June, he has 54 pigs, young well.  
**Don't Neglect Your Liver.**  
After troubles quickly result in serious complications, and the man who neglects his liver has little regard for health. A bottle of Brown's Iron Bitters taken now and then keeps the liver in perfect order. If the liver has developed, Brown's Iron Bitters will cure it permanently. Strength and health will always follow its use. **Brown's Iron Bitters is sold by all dealers.**  
Judge Carter and children and Mrs. Deen left Tuesday for the fishing grounds below here. The Judge and Mr. Deen are looking lonesome.  
The BANNER and Home and Farm for the Home and Farm is an acknowledged authority on farming, and should be in the hands of every farmer.  
Attention is made of your going off, and your friends or relatives visiting. We can't name us, we can't tell the social unless you bring it to us.  
Mr. and Mrs. C. Ruckelshaus left Monday for their old home in Indianapolis, where they will spend the summer. They intend to part with them, even for a short time, but look forward with pleasure to their return. They, during their absence have made many fast friends and wish them a pleasant visit.

Hon. S. M. Robertson had the misfortune to have his horse and mule stray off, any one seeing such stock will give a favor by letting him know about it.  
A recruiting office from DeFuniak was here Tuesday, in the interest of the C. I. I. of Pensacola. Maybe our boys will get to be "sojers;" twelve names were enrolled.  
It is gratifying to us to see the number of new subscribers coming in. The people have found out that the BANNER is the paper for them to take to keep posted on the news of the county.  
We had the pleasure of a pleasant call from Mr. J. W. Richardson of Gainesville Ga., Wednesday. Mr. Richardson is traveling in the interest of a new patent coffee-pot, and is very successful.  
Governor Bloxham has appointed Dr. P. B. Wilson, of Sneads, to be a member of the board of medical examiners for First Judicial Circuit, we are glad to note the above for Percy is a ChipleY boy.  
**Beauty Is Blood Deep.**  
Clean blood means a clean skin. No beauty without it. Cascarets, Candy Cathartic clean your blood and keep it clean, by stirring up the lazy liver and driving all impurities from the body. Begin to-day to get rid of pimples, blotches, blackheads and that sticky itchy complexion by taking Cascarets, one or two each day. All druggists, satisfaction guaranteed. 10c, 25c, 50c.  
If you have to go to war be sure you get prices from Campbell & Butler before you go; leave them to care for your cash and family while gone, and all will be well, especially the cash, for it buys goods low down.  
A member of Company D, 10th Regiment, U. S. Regulars has our thanks for a cartridge given him; he was one of the first train load that passed here last Saturday. His request was, "keep this to remember us, and WE will remember the MAINE."  
We make this one more proposition: All those who are two years or over, in arrears with the BANNER, and will come in and settle their accounts during this month, we will mark your subscription up to Jan. 1, 1899. This is the last offer; look for the red X.  
Many a heart is made sad and many a home rendered unhappy by the idle tongue of gossip. We have no patience with those who go from house to house peddling news that no one should know. How those gossippers get hold of "sensations" is a mystery past our comprehension. They seem to know intuitively when anything will suit their tongue. You can always tell gossippers by the innumerable questions he or she asks.  
Mr. A. W. Potter of Alpine was among the visitors here Saturday. He came in, had a chat with us, and remembered the BANNER substantially, and says, keep it coming. He says that in case his country needs his services, and calls for him, he is ready, and that he will have to go to the words to find him either; that if he is plowing in his field, he would simply "take out" and go at once. Success to such men.  
Last Friday night, Saturday, Sunday night, and Sunday was a memorable time along the line of the P. & A. railroad. One train after another in quick succession, loaded with troops and equipment were passing. Enthusiasm was at a high mark; nearly all business suspended; everything and everybody watching the soldier boys; the ladies were out in full force, each carrying a bouquet of flowers for the boys in blue. Every train that stopped was completely deluged with flowers, and words of cheer were given them on all sides, while assurances of victory came from every one of the soldiers. They were a fine looking set; no parlor or band-box soldiers there; every one looked as though he would be first to strike the decisive blow. May they live long, and victory be perched on every brow!

**VERNON NOTES.**  
Commissioners Court and the School Board met Monday. Quite a number of people was here and the town was lively.  
The full School Board was present; they transacted the usual routine work. The Board of County Commissioners transacted quite a lot of business; and just here we will say, we now have one the best Boards of County Commissioners; they are all good men, noble spirited, yet very economical, and guard the interest of the county zealously.  
C. G. Allen, and editor Jones of the BANNER came in Sunday evening. R. C. Horne, E. N. Dekle and J. R. Wells was among the visitors.  
Fire broke out, or some miscreant set the woods on fire just below town Sunday afternoon and caused quite a lot of hard work to stop it before so much damage was done; such practices should be stopped. Some of our citizens came near losing their fencing.  
The health of the town is good.  
Fish and fishing is now enjoyed by all.  
The new saw mill is nearing completion then we can have lumber for any and all purposes. We welcome the time.  
Our merchants have a good trade nearly all time.  
We have drimmers quite frequently.  
Deputy Sheriff Allen has a good number of boarders now.  
**WHOOPIING COUGH.**  
I had a little boy who was nearly dead from an attack of whooping cough. My neighbors recommended Chamberlain's Cough Remedy. I did not think that any medicine would help him, but after giving him a few doses of that remedy I noticed an improvement, and one bottle cured him entirely. It is the best cough medicine I ever used in the house. —J. L. Moores, south Burgettstown, Pa. For sale by J. R. Farrior.

**LATEST WAR NEWS.**  
AN EPITOME OF THE EVENTS OCCURRING EACH DAY.  
admiral dispatches, usually highly colored in favor of Spain, indicate that Commodore Dewey has almost, if not completely, annihilated the Spanish fleet at Manila.  
The two strongest of the enemy's battleships have been destroyed, together with other smaller craft. The same dispatches do not claim the destruction of a single American vessel, which fact leads London experts to entertain the opinion that Dewey will renew the attack, the object of which is the capture Cavite or Manila, both situated upon the same bay. The annihilation of the Spanish fleet clears the Pacific of menace to American vessels. Its conclusion—the capture of a Philippine station—will give the United States a base of operations in addition to being the wedge to wrest the Philippines from Spanish rule.  
Sampson's fleet still blockades Havana, in which city beef has risen to such a high figure as to denote that famine threatens poor and rich, if it has not already begun.  
Further, although scant details of the battle at Manila show the annihilation of Spain's squadron, no ship being lost by Commodore Dewey, who is in excellent fighting trim as to demand the surrender of the city under threat of bombardment. The Provincial Governor has declined—and the news ceases, the cable having been cut. The battle for which Spain had prepared to celebrate a victory has caused Madrid to be shaken from centre to circumference, martial law having been proclaimed and a Government crisis threatened. The excitement has been fed by Weyler, who declares his anxiety to lead an army of invasion into America.  
Preparations for occupying Cuba continue at Tampa, several of the large troops transports having arrived.  
**TERRIBLE EXECUTION.**  
DEWEY FOUND THE FLEET UNDER THE FORKS AND OPENED FIRE.  
London, May 3.—The Madrid correspondent of the Times, describing the engagement at Manila, says:  
"The Olympia, the Boston, the Raleigh the Concord, the Petrel and the Monocacy entered the bay under cover of darkness by the smaller and safer Boca Chica channel. The forts of Corregidor Island gave the alarm by firing on the intruders, but they seem to have inflicted no serious damage. The American squadron moved up the bay, and at 3 o'clock in the morning appeared before Cavite. Here, lying under the shelter of the forts was the Spanish squadron.  
"Soon the Americans opened fire. The Spaniards replied vigorously, and the combat continued without interruption for four hours, during which the Don Antonio de Ulloa was sunk, the Castilla and Mindanao were set on fire, and the Reina Maria Christina and the Don Juan de Austria were badly damaged. One or two of the smaller craft were captured, but the crews to escape capture. Others took refuge in a small neighboring creek emptying into Baker Bay, where, presumably, the American ships were unable to follow them. But no one surrendered."  
**DEWEY'S DEMAND.**  
London, May 2.—Commodore Dewey, according to a reported dispatch from Madrid, gave the Spanish fleet an ultimatum, which demanded that all warlike stores and the entire stock of coal in charge of the government officials be surrendered. The ultimatum asserted that no money levy would be made on Manila. The dispatch says it is believed in Manila that the Government has already cabled Captain General Augusti authority to comply with the demand no other course being open.  
**NO SPANISH SURRENDER.**  
Paris, May 2.—A dispatch from Madrid to the Temps says: "No Spanish war ship surrendered, and the majority perished. Two Spanish commanders were killed while resisting to the last moment. The Spanish losses are estimated at 2,000 killed, including many officers."  
**DEWEY FIGHTING AGAIN.**  
London, May 2.—The Daily Mail has a dispatch from Hong Kong, dated Monday saying Dewey's fleet is off Corregidor Island, hotly engaged with a fort there.  
**REMEMBERED THE MAINE.**  
Chicago, May 2.—There was no happier man in Chicago today than the usually undemonstrative F. J. Larkin, one of the survivors of the Maine. "They remembered the Maine," he said jubilantly, "they remembered the Maine. I wish I could have been there myself."  
**THANKS TO DEWEY.**  
Washington, May 2.—Representatives Livingston, (Ga.) and Groat (Vt.) introduced resolutions today tendering the thanks of Congress to Commodore Dewey.  
**MORE THANKS.**  
As the more definite news of Commodore Dewey's success came, there was great jubilation. The Brooklyn was the first ship to carry Commodore Dewey's flag, and through the Associated Press these messages were sent:  
"To Dewey: The Brooklyn, which first flew your flag, glories in your victory."  
"Officers and Crew."  
"To Dewey: The flying squadron says to the Asiatic squadron: Bully, boys. Congratulations."  
Washington, May 3.—The President positively decides to occupy Philippines for the present. Gen. Miles is now preparing the order for troops to be sent to Manila, to assist Commodore Dewey in holding the island.  
Hong Kong, May 3.—It is reported here that Manila has fallen, and that the Stars and Stripes now wave from the Philippines. It can be stated that no reliable news has been received from Manila since the cable was cut, but whether the report was based on facts or not, it is generally believed that Commodore Dewey now occupies Manila.  
Washington, May 3.—A report has been received here, sent to the home office in London, by the British consul in Manila, just prior to the cutting of the cable, to the effect that not a single American officer lost his life in the battle of the Philippines.
